

early music

2016

March is Early Music Month!

We're celebrating by dedicating this concert to the community, scholarship, history and performance of early music, as well as to YOU - our dedicated audience, who have supported our organization through your time, donations and attendance!

Want to join the celebration? Post your early music story to Facebook or Twitter using the hashtag **#earlymusicmonth2016**. Let your friends know how you got involved in early music, who your favorite early music groups are, or how you're celebrating early music month this year!

Learn more and see how other organizations are participating at **earlymusicamerica.org**
